[Regents Policy on Settlement of Litigation and Non-Employee Claims, 4105](#) (adopted September 15, 1995, and amended July 20, 2000; May 18, 2006; and November 20, 2008) provides, in relevant part, that "General Counsel shall have authority to settle claims and litigation when the consideration paid or received by the University has a value of \$500,000 or less. All litigation settlements shall be reviewed and approved by the General Counsel. Settlement of claims or litigation by the General Counsel shall be subject to appropriate funding."

This policy authorizes the President to approve claims and separation agreements with a value of \$500,000 or less. Pursuant to [DA 2595](#) (issued March 11, 2016), the President delegated authority to the Chancellors to approve settlements of non-litigated claims and separation agreements for matters under their jurisdiction with consideration of \$100,000 or less, and Voluntary Separation Program Agreements of less than \$50,000.
