Chancellor Birgeneau:

The current UC Berkeley deficit-resolution policy issued September 1, 2005 (see attached) delegates authority to the Vice Chancellor-Administration to approve deficits under \$100,000 as well as all deficits related to activities covered by the campus recharge policy. Deficits over that amount were to be forwarded to you for approval.

I am requesting that the policy be changed to allow the Vice Chancellor-Administration authority to approve deficits up to \$1 million. I believe this is an appropriate action and relieves you of the burden of dealing with less significant amounts.

If you approve this change in policy, please sign below.

Paul E. Jenny  
Associate Vice Chancellor  
Budget and Resource Planning
